HOLT HISTORIC CORRIDOR MAP: ONTARIO TO POMONA

Sources and References

Every source behind the interactive map, grouped by level of government and agency, with each source and card link checked on November 3 and 7, 2026.

Map and source list by T. C. Smith. Interactive map: https://traviscs.github.io/Holt-Historic-Corridor-Map/

33	25	477	468
sources in the map's list	agencies and publishers	links checked	links verified

Checked on November 3 and 7, 2026. Every link in the map page, its data files and its README was requested by script (477 distinct addresses: the 33 sources, 438 card and page links, and the OpenStreetMap objects the cards link by id). 70 were opened in a web browser because the site refuses scripts, each from the site's own page; all 72 OpenStreetMap objects were also read through the OpenStreetMap API. Each page that answered was read for the name of the record that cites it, and the ones that did not show it were opened and read in a browser. 468 links were verified; 9 could not be opened because the site turns automated browsers away with a security check (never completed) or a blank page; 2 of those are sources, for which the Internet Archive copy was read instead.

Corrected. 8 source entries were changed so the publisher, title, date or address match what the source itself says, and 4 card links were fixed. Each correction is marked under its entry. The November 2, 2026 link audit (453 links) is kept in the repository; 4 links it passed now refuse automated readers in a browser too, and one hotel site it had repaired has since gone offline.

Updated on November 12, 2026. Corrections checked for the Holt Corridor Simple map on November 11 and 12, 2026 were carried into this map's cards where it shows the same record: on 25 cards a link was replaced with its new address, source links were added to cards whose wording rests on them, the wording or figures of 58 cards changed, three markers moved (among them Hilton Garden Inn Pomona, moved about 2 kilometers east to the building OpenStreetMap maps at 2027 Rancho Valley Drive) and one business was renamed. The 70 addresses new to this map were requested by script that day; 49 answered, and the 21 that refused the script or answered it with page not found were opened in a web browser, where all of them loaded. The other links were not requested again, and the counts above are the November 3 and 7 checks. The Esri entry now names Vantor and the Foothill Transit entry is undated.

Basemap changed on November 12, 2026. On November 12, 2026 the basemap changed: the map opens on Esri's National Geographic World Map, with OpenStreetMap building shapes from OpenFreeMap laid over it close in; Dark streets and Imagery are Google maps drawn in the browser. One source was added (OpenFreeMap) and the Esri entry now names the National Geographic map, which Esri lists as retiring in December 2029. Seven new addresses were checked that day, all verified. Live Google ratings and photos now show only on the Google views.

How to read an entry. The first line is the reference exactly as the map's About sheet shows it, in APA style, with its link. Below it: what the map used the source for, the legend layers and cards that draw on it, what the source was compared with, any correction, and the check. Dates are the publisher's own; n.d. means the source gives none, and an information sheet without a printed date is dated by its posting.

AI use. The map, this list and the checks were produced with Claude (Anthropic) under the direction of T. C. Smith, who reviewed the results and is responsible for the content. The map is independent and not a City of Ontario or Fairplex product.

Part 1. Data sources

The services, web pages and records the layers and cards are built from, by the agency or organization that publishes each.

Federal government

U.S. Department of Commerce, Census Bureau (1)

US Census Bureau (n.d.). *Geocoder, Public_AR_Current benchmark*, used to place businesses by street address. geocoding.geo.census.gov/geocoder/

Used for: marker positions from street addresses.
On the map: Pomona assets: Transit hub; Downtown Ontario places; Downtown Ontario places: Restaurant; Downtown Ontario places: Cafe or bakery; Downtown Ontario places: Bar or brewery; Downtown Ontario places: Retail; Downtown Ontario places: Civic or cultural.
What was compared: Page title "Census Geocoder"; the page gives no date.
Corrected. Date was 2026; the geocoder states none, so n.d.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

State of California

California State Board of Equalization (layer served by the California Department of Conservation) (1)

California Board of Equalization, via California Department of Conservation (2019, May 10). *City boundaries feature layer (Base_BOECities)*. ArcGIS REST service; the service metadata dates the boundaries May 10, 2019. gis.conservation.ca.gov/server/rest/services/Base/Base_BOECities/FeatureServer/0

Used for: the official city limits of Ontario, Montclair and Pomona.
On the map: Corridor and boundaries; Ontario city limits; Montclair city limits; Pomona city limits; Place labels.
What was compared: The service answered with its own description: layer BOECities, boundaries from the Board of Equalization tax rate area maps; the service metadata says "Data from 5/10/2019" (metadata created January 13, 2020). It reports no edit date.
Corrected. Date was 2026 (the year it was read); now May 10, 2019, the date the service gives its data, and the city limits panel says a later annexation may not show.
Note: Hosted by the California Department of Conservation, not the Board of Equalization itself.
Verified. Checked November 3, 2026: The service answered with its own description (layer “BOECities”).

State Clearinghouse (CEQAnet), Governor's Office of Land Use and Climate Innovation (1)

California State Clearinghouse, CEQAnet (2025, March 6). *Ontario International Airport (ONT) Connector Project, SCH 2022070039* [Project record: notice of preparation, 2022; draft EIR and environmental assessment, 2024; final document and notice of determination, 2025]. ceqanet.lci.ca.gov/Project/2022070039

Used for: the ONT Connector: route, stations, lead agency and environmental review.
On the map: Transit connects; High-speed rail and its links.
Card links: 1 on high-speed rail cards.
What was compared: CEQAnet project record for SCH 2022070039: title "Ontario International Airport (ONT) Connector Project", lead agency San Bernardino County Transportation Authority, five documents (notice of preparation July 5, 2022, titled Tunnel to Ontario International Airport Project; draft EIR and environmental assessment October 18, 2024; final document February 24, 2025; notice of determination March 6, 2025). The ONT Connector card now gives the notice of determination date.
Corrected. Link went to the 2022 notice of preparation, titled differently; now the project record that lists all five documents. Title now as the record gives it (with ONT), date now the latest document, March 6, 2025.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 206).

Counties and regional agencies

Foothill Transit (1)

Foothill Transit (n.d.). *Transit centers*. www.foothilltransit.org/transit-center

Used for: the local buses at the Pomona Transit Center and across the two gaps.
On the map: Pomona draws; Pomona assets: Transit hub; Transit connects; Metrolink and Metro A Line stations; The gap: Pomona Transit Center to Fairplex.
Card links: 2 on transit cards, 1 on Pomona asset cards.
What was compared: The live page could not be read: the site shows scripts and the browser an Imperva security check that needs a checkbox click, which was not done. The Internet Archive copy of June 11, 2026, "Transit Center | Foothill Transit," lists the Pomona Transit Center and its lines.
Note: Unverifiable live on November 3, 2026; checked through the archive copy.
Live page not reachable. Checked November 3, 2026: The site answers scripts and the browser with an Imperva security check that asks for a checkbox click, which was not done. The Internet Archive copy of June 11, 2026 shows the page, “Transit Center | Foothill Transit,” listing the Pomona Transit Center and the lines that serve it.

Los Angeles County Metropolitan Transportation Authority (LA Metro) (1)

LA Metro (2026). *Line schedules and maps: A Line*. www.metro.net/riding/schedules/

Used for: the A Line, its Pomona extension and its stations.
On the map: Transit connects; Metro A Line; Metrolink and Metro A Line stations; The A Line gap: Pomona North to the Transit Center.
Card links: 4 on transit cards.
What was compared: Page title "Line Schedules and Maps - LA Metro"; footer ©2026 Metro.
Note: The November 2 audit had already moved this from the retired A Line guide page.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

Omnitrans (2)

Omnitrans (2026). *50 years in motion* [Timeline page, with the sbX Purple Line (West Valley Connector) scheduled to open in winter 2026 to 2027]. omnitrans.org/50-2/

Used for: the operator's account of the line and its service dates.
On the map: Transit connects; West Valley Connector route.
Card links: 2 on transit cards.
What was compared: The page is Omnitrans's "50 Years in Motion" timeline (©2026); its Looking Ahead entry says the sbX Purple Line is scheduled to open in winter 2026 to 2027 and will connect the Pomona Transit Center to Victoria Gardens.
Corrected. Title was "sbX Purple Line, West Valley Connector", which is not the page's title; now the page's own title with a note on what it says.
Note: Omnitrans's own menu sends the Purple Line link to SBCTA's project page (source 5).
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

Omnitrans (2026). *Shop on Holt business list*. omnitrans.org/shoponholt/

Used for: businesses on Holt named by the transit agency.
On the map: Downtown Ontario places; Downtown Ontario places: Cafe or bakery; Downtown Ontario places: Retail; Downtown Ontario places: Civic or cultural.
Card links: 4 on downtown Ontario place cards.
What was compared: Page title "Omnitrans | Shop on Holt"; ©2026 Omnitrans.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

Ontario International Airport Authority (1)

Ontario International Airport Authority (2026). *Flyontario.com: passenger records, airport directions, terminal maps, rental cars and the hotel shuttle list*. www.flyontario.com/

Used for: airport facts, and which hotels are on the ONT courtesy shuttle list.
On the map: Ontario hosts; Ontario hotels: Full service / convention; Ontario hotels: Select service; Ontario hotels: Extended stay; Ontario hotels: Economy; Ontario assets: Airport; Corridor and boundaries; Shade outside the corridor; Place labels.
Card links: 6 on Ontario asset cards, 1 on Ontario hotel cards.
What was compared: Opened in a web browser (the site refuses scripts): page title "Ontario International Airport in Southern California | ONT"; the press release, directions, terminal maps, rental car and shuttle pages cited on cards all opened with their own titles.
Verified. Opened in a web browser on November 3, 2026: Opened from the site's own page in a web browser: HTTP 206, page title “Official Website of Ontario International Airport”.

San Bernardino County Transportation Authority (SBCTA) (2)

San Bernardino County Transportation Authority (2026). *Enhanced Metrolink Rail Service: Rancho Cucamonga to Pomona North rail connector project*. www.gosbcta.com/project/rancho-cucamonga-to-pomona-north-rail-connector-project/

Used for: the planned dedicated trains from Rancho Cucamonga to Pomona North.
On the map: Transit connects; High-speed rail and its links.
Card links: 1 on high-speed rail cards.
What was compared: Page title "Enhanced Metrolink Rail Service Project - SBCTA", modified October 7, 2026.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

San Bernardino County Transportation Authority (2026, October). *West Valley Connector BRT project page and fact sheet*. www.gosbcta.com/project/west-valley-connector-brt/

Used for: the West Valley Connector: route, the 21 stations, service dates and funding.
On the map: Ontario hosts; Ontario assets: Regional shopping; Pomona draws; Pomona assets: Transit hub; Transit connects; West Valley Connector route; West Valley Connector stations; The gap: Pomona Transit Center to Fairplex.
Card links: 3 on transit cards, 2 on Ontario asset cards, 1 on Pomona asset cards.
What was compared: Page title "West Valley Connector (BRT) - SBCTA", modified October 23, 2026; the October 7, 2026 fact sheet PDF it links was read (19 miles, 21 stations, 3.5 miles of center-running lanes).
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

Southern California Regional Rail Authority (Metrolink) (1)

Southern California Regional Rail Authority (Metrolink) (2026). *Stations and lines*. metrolinktrains.com/

Used for: Metrolink stations, lines, schedules and parking.
On the map: Pomona draws; Pomona assets: Transit hub; Fairplex campus detail; Transit connects; Metrolink Riverside Line; Metrolink San Bernardino Line; Metro A Line; Metrolink and Metro A Line stations; The gap: Pomona Transit Center to Fairplex; The A Line gap: Pomona North to the Transit Center; High-speed rail and its links; Corridor and boundaries; Shade outside the corridor.
Card links: 10 on transit cards, 1 on Fairplex campus cards, 1 on high-speed rail cards, 1 on Pomona asset cards.
What was compared: Page title "Welcome to Metrolink"; footer "© 2026 Southern California Regional Rail Authority". Station pages on the cards were checked one by one.
Corrected. Publisher was "Metrolink"; now the authority the site names, with Metrolink in brackets.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 206).

Cities and their downtown districts

City of Ontario (2)

City of Ontario (2026). *City pages, news releases and Council staff reports, and Ontario Thinks Business pages, on downtown, Euclid Avenue, Town Square, the museum, the library, City Hall, the Convention Center and the arts district*. www.ontarioca.gov/

Used for: facts about Ontario's downtown, civic, convention and arts places.
On the map: Ontario hosts; Ontario assets: Convention Center; Ontario assets: Historic downtown; Ontario assets: Arts District; Ontario assets: Civic; Downtown Ontario places; Downtown Ontario places: Restaurant; Place labels.
Card links: 15 on Ontario asset cards, 1 on downtown Ontario place cards.
What was compared: Page title "Homepage | City of Ontario, California"; © 2026 City of Ontario. The City pages, releases and staff reports cited on cards were checked one by one.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 206).

City of Ontario, Ontario Thinks Business (2026). *Holt Corridor district information*. ontariothinksbusiness.com/develop-ontario/district-information/holt-corridor

Used for: the Holt Corridor program and its investment figures.
On the map: Ontario hosts; Ontario assets: Corridor; West Valley Connector route; Corridor and boundaries; Holt spine (centerline).
Card links: 1 on Ontario asset cards, 1 on transit cards.
What was compared: Page title "Holt Corridor | City of Ontario, California" on Ontario Thinks Business; footer © 2026 City of Ontario.

Open and commercial data

Esri (1)

Esri (n.d.). *National Geographic World Map, World Imagery, World Boundaries and Places, and World Dark Gray Canvas tile services*. ArcGIS Online; the National Geographic map from National Geographic, Esri, Garmin, HERE, UNEP-WCMC, USGS, NASA, ESA, METI, NRCAN, GEBCO, NOAA and increment P Corp.; imagery from Vantor and Earthstar Geographics, streets from HERE, Garmin, USGS and OpenStreetMap contributors. Esri lists the National Geographic map as in mature support since July 2021 and retiring in December 2029 (read November 12, 2026). server.arcgisonline.com/ArcGIS/rest/services/

Used for: the National Geographic basemap, and the backup basemaps when Google cannot load.
On the map: Basemap switch (Dark streets, Imagery, Nat Geo).
What was compared: The ArcGIS services directory answered (version 11.5); the World Imagery, World Boundaries and Places and World Dark Gray services each answered with their own description. No date is given. On November 12, 2026 the National Geographic World Map service answered with its own description and credit line, its tiles were fetched at three places in the corridor at zoom 11 to 18 (real pictures at 12 to 16, the service's grey stand-in from 17), and its ArcGIS Online listing was read: mature support as of July 2021, retiring in December 2029.
Corrected. Date was 2026; the services state none, so n.d.
Verified. Checked November 3, 2026: The service answered with its own description.

Google (1)

Google (2026). *Places API (New), Text Search and Place Photos; Maps JavaScript API*. Google Maps Platform. developers.google.com/maps/documentation/places/web-service/text-search

Used for: the Google basemap, and the live ratings, review counts, price bands and photos on cards, never stored.
On the map: Ontario hosts; Ontario hotels: Full service / convention; Ontario hotels: Select service; Ontario hotels: Extended stay; Ontario hotels: Economy; Ontario hotels: Planned; Ontario assets: Airport; Ontario assets: Convention Center; Ontario assets: Historic downtown; Ontario assets: Arts District; Ontario assets: Regional shopping; Ontario assets: Arena; Pomona draws; Pomona assets: Fairplex; Pomona assets: Arts Colony; Pomona assets: Downtown dining; Pomona assets: Montclair; Pomona hotels; Claremont hotels; Montclair hotels; Downtown Ontario places; Downtown Ontario places: Restaurant; Downtown Ontario places: Cafe or bakery; Downtown Ontario places: Bar or brewery; Downtown Ontario places: Retail; Downtown Ontario places: Civic or cultural; Basemap switch (Dark streets, Imagery, Nat Geo).
What was compared: Page title "Text Search (New) | Places API (New) | Google for Developers"; page shows a 2026 last-updated date.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

Hotels.com (1)

Hotels.com (2026, October). *Hotel rate searches and property pages*. www.hotels.com/

Used for: room rates and property facts for a few hotels.
On the map: Ontario hotels: Full service / convention; Ontario hotels: Select service; Ontario hotels: Extended stay; Ontario hotels: Economy.
Card links: 4 on Ontario hotel cards.
What was compared: Opened in a web browser (the site gives scripts HTTP 429): Hotels.com home page; the property pages cited on cards opened with each hotel's name in the title.
Verified. Opened in a web browser on November 3, 2026: Opened from the site's own page in a web browser: HTTP 200, page title “Hotels.com - Deals & Discounts for Hotel Reservations from Luxury Hotels to Budget Accommodations”.

Kayak (1)

Kayak (2026, October). *Hotel rate searches for two guests, taxes and fees included*. www.kayak.com/

Used for: room rates (the October 2026 snapshot on most Ontario hotel cards) and one hotel listing.
On the map: Ontario hosts; Ontario hotels: Full service / convention; Ontario hotels: Select service; Ontario hotels: Extended stay; Ontario hotels: Economy; Claremont hotels.
Card links: 1 on neighbor-city hotel cards.
What was compared: Kayak home page (©2026 KAYAK); the hotel rate pages on cards were checked one by one. Rates themselves are an October 2026 snapshot and are not re-checked.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

OpenFreeMap (1)

OpenFreeMap (n.d.). *Public vector tile service*. Building shapes from OpenStreetMap contributors, in the OpenMapTiles layout; drawn in the browser by MapLibre GL JS. openfreemap.org/

Used for: the building shapes over the National Geographic basemap close in.
On the map: Basemap switch (Dark streets, Imagery, Nat Geo).
What was compared: The home page answered and describes the free public tile service. Its terms page (it says last updated October 14, 2026) was read: no key or registration, attribution required, offered as is, and it may change or stop without notice. The tile description at tiles.openfreemap.org/planet answered with the credit line OpenFreeMap, OpenMapTiles, OpenStreetMap, and building shapes drew over downtown Ontario at zoom 16 to 19. No date is given.
Note: The service makes no uptime promise. If it stops, the map simply shows no building shapes.
Verified. Checked November 12, 2026: The link answered with a web page (HTTP 200).

OpenStreetMap contributors (1)

OpenStreetMap contributors (2026, November 1). *Holt Boulevard and Holt Avenue way geometry, railway geometry, tagged businesses within 400 m of Holt, Fairplex campus footprints, and place positions*, via the Overpass API and the Nominatim geocoder; the street geometry the two gaps follow, and the Fairplex Gate 1 position, downloaded November 3, 2026. ODbL. www.openstreetmap.org/copyright

Used for: the Holt centerline, the rail track lines, the streets the two gaps follow, about half of the downtown Ontario places, the Fairplex outlines and many marker positions.
On the map: Ontario hosts; Ontario assets: Airport; Ontario assets: Civic; Ontario assets: Regional shopping; Ontario assets: Arena; Pomona draws; Pomona assets: Fairplex; Pomona assets: Arts Colony; Pomona assets: Downtown dining; Pomona assets: Transit hub; Pomona assets: Civic; Pomona assets: Montclair; Fairplex campus detail; Transit connects; West Valley Connector route; Metrolink Riverside Line; Metrolink San Bernardino Line; Metro A Line; Metrolink and Metro A Line stations; The gap: Pomona Transit Center to Fairplex; The A Line gap: Pomona North to the Transit Center; High-speed rail and its links; Downtown Ontario places; Downtown Ontario places: Restaurant; Downtown Ontario places: Cafe or bakery; Downtown Ontario places: Bar or brewery; Downtown Ontario places: Retail; Downtown Ontario places: Civic or cultural; Corridor and boundaries; Holt spine (centerline).
Card links: 31 on Fairplex campus cards, 13 on downtown Ontario place cards, 6 on Ontario asset cards, 1 on transit cards.
What was compared: OpenStreetMap copyright and license page (ODbL). Each OpenStreetMap object a card links was also read through the OpenStreetMap API: all 69 exist and carry the names the cards use.
Verified. Checked November 3, 2026: The link answered with a web page (HTTP 200).

Maps by T. C. Smith

Smith, T. C. (1)

Smith, T. C. (2026, October). *Ontario Hotel Map*, hotel roster and neighbor-city hotels, with sources on each card. traviscs.github.io/Ontario-Hotel-Map/

Used for: every hotel record: name, tier, rooms, meeting space, notes, position and the pages each one cites.

Press

Railway Age (1)

Luczak, M. (2024, April 22). *Brightline West breaks ground*. Railway Age. www.railwayage.com/passenger/high-performance/brightline-west-breaks-ground/

Used for: the April 2024 groundbreaking.
On the map: High-speed rail and its links.
Card links: 1 on high-speed rail cards.
What was compared: Railway Age refuses scripts and the browser with a Cloudflare challenge (not completed). The Internet Archive copy of April 22, 2024 shows the article "Brightline West Breaks Ground" by Marybeth Luczak, published April 22, 2024, at /passenger/high-performance/.
Corrected. Address was a /passenger/intercity/ path the archive never recorded; now the article's own address. Author and full date added (Luczak, M., April 22, 2024).
Note: Unverifiable live on November 3, 2026; checked through the archive copy.
Live page not reachable. Checked November 3, 2026: Refused in a web browser too (a Cloudflare “Just a moment...” challenge, not completed). The Internet Archive copy of April 22, 2024 shows the article at this address: “Brightline West Breaks Ground,” by Marybeth Luczak, published April 22, 2024; the map had cited a /passenger/intercity/ address that the archive never recorded.
